Conditions, Acknowledgement and Sign-Off

All signage requests must receive prior approval from the Strata Managing Agent in written form, in accordance with the specified signage policy guidelines and the registered By-Laws of the Strata Scheme.

Approval is granted for a specific maximum duration as indicated in the approval notice, eliminating the need for subsequent authorisations.

Only one sign is permitted per apartment/unit/townhouse, and the respective number must be clearly visible on the sign.

The sign should adhere to the 'standard size' used for residential real estate in the area.

The sign must be placed in a specified position without causing any damage to common property.

Upon the exchange of contracts, signs must be removed within seven (7) days, with a "Sold" or "Leased" sticker displayed on them thereafter.

Owners bear full responsibility for the actions of their estate agents and contractors, including the costs of the Owners Corporation for the removal of any sign in violation of these conditions.

I have read and acknowledge the above conditions,
